MINOR COURSES FOR B.TECH STUDENTS — details by minor and batch

(source: Minor_Courses_for_BTech_Students.xlsx; 7 sheets = 7 minors)

PART 0 — TERMS USED IN THIS WORKBOOK

- Minor = a set of courses in a second subject, taken alongside the main B.Tech degree. Completing it earns a "Minor in <subject>". In the B.Tech DS plan, minor courses go into the B6 "Open/Minor" basket.
- Every minor adds up to 24 credits in every batch (verified, counting the TBD/Don't Know placeholder rows).
- Minors offered: Law, Design, Psychology, Economics, Finance, Marketing, Start-up.
- Each sheet is split into blocks by "20XX Batch" = the admission batch the list applies to.
- Columns: Sl.No. = serial number; Course Code; Course Title; L = lecture hours/week; T = tutorial hours/week; P = practical hours/week; Credit; Semester = the semester (1–8) in which the course is taken; Pre-rq = prerequisite.
- Finance, Marketing and Start-up sheets have an extra UNLABELLED column after Pre-rq. It gives the NAME of the prerequisite course.
- Nil / NIL = no prerequisite.
- Credits follow C = L + T + P/2, as in the main curriculum. Two exceptions are listed in Part 4.
- "TBA" (To Be Announced) / "TBD" (To Be Decided) / "Don't Know" rows: the remaining credits of that minor are not decided yet. The number in the Credit column on that row = how many credits are still undecided, NOT a single course.
- "New" in the Course Code column = a new course that has no code yet.
- "(GIVE NEW NAME)" / "New Name" = internal drafting notes: the course will be renamed. The final name is not known.
- "(R)" after a course title (e.g. "Introduction to Financial Accounting (R)") = <<CONFIRM: probably "Revised" version>>.
- "No Students" (Economics, 2024 batch) = no student of the 2024 batch chose the Economics minor, so no courses are listed.
- FAMA = Financial and Management Accounting (Finance minor, 2022 batch; code unknown).
- Code prefixes: LAWx = Law (LAWM, LAWE, LAWC, LAWB, LAWP, LAWS sub-series); CDES = Communication Design; PSYC = Psychology; ECON = Economics; FINA = Finance; MGMT = Management; MKTG = Marketing (MKMT201 is a typo for MKTG201).
- A prerequisite such as "ECON201, ECON202/ECON207" = ECON201 AND (ECON202 OR ECON207). Commas = AND, slash = OR.
- A prerequisite such as "MKMT201/ MGMT207/ FINA201" = any ONE of them.

Either/or choice that affects a later prerequisite:

- Psychology minor | 2024, 2025, 2026 batches | In S3 the student picks PSYC201 Biological Psychology OR PSYC103 Foundations of Psychology I. PSYC306 Health Psychology (S6) requires PSYC201, so a student who picks PSYC103 may not meet that prerequisite. <<CONFIRM>>

Unknown codes that are probably the same course as a prerequisite:

- Finance minor | 2022 batch | The S3 course "Financial and Management Accounting (FAMA)" has no code. Later prerequisites name MGMT208 (Introduction to Financial Accounting) and FINA201; both probably mean this S3 course. <<CONFIRM>>
- Marketing minor | 2022 batch | The S3 course "Marketing Management" has no code. All later prerequisites name MKTG201, which is Marketing Management in 2023–24, so it is probably this S3 course. <<CONFIRM>>

Prerequisite code vs. name mismatches (unlabelled name column):

- MKTG201 is named "Introduction to digital business" in most rows but "Marketing management" in others. MKTG201 is Marketing Management in the Marketing minor list.
- FINA201 is named "Introduction to Financial Accounting" (Finance 2022, MGMT209), but in MGMT203 it is "Financial and Management Accounting". FINA201 does not appear in any course list.
- MKMT201 (in MGMT203) is a typo for MKTG201.
- Psychology minor prerequisites name PSYC101 (Introduction to Psychology). In the B.Tech DS plan this is the S1 choice "PSYC101/ECON101" (2022–24); for 2025 it is PSCY102 and for 2026 PSYC105. <<CONFIRM: does a student who chose Economics in S1 lose access to these Psychology minor courses?>>
- Economics minor 2025–26 prerequisites still name ECON201 (Microeconomics), though those batches have ECON208 Microeconomics I instead.

Credit formula exceptions:

- Design minor | 2024 batch | CDES217 Making with Reframed Media | L-T-P 2-3-0 would give 5 credits, sheet says 4 (2025 batch lists it as 2-2-0 = 4).
- Marketing minor | 2025 batch | MGMT302 Digital and Ecommerce Marketing | L-T-P 2-1-0 would give 3 credits, sheet says 4 (other batches list it as 2-2-0 = 4).
- MGMT203 Business Strategy Simulation (2022) | L-T-P 0-0-0, 2 credits (no regular class hours).

Typos (same course, do not treat as different):

- "Fiancial" / "Finacial" = Financial; "Anaylsis" = Analysis; "Instituation" = Institution; "Behavourial" = Behavioural; "Macroeconomics and Applicants to Indian Economy" = "… Applications to Indian Economy"; "Foundation of Marketing Management" = "Foundations of Marketing Management" (MGMT328); "Drawing and Moving Images" (CDES216, 2022) and "Drawing and Moving Image" (CDES227, 2024) have different codes.
- "Designing Futures" has two codes: CDES712 (2022, 3 credits) and CDES312 (2023, 5 credits).

- Finance 2025 has both MGMT213 Introduction To Fintech (S6) and a new course "Financial Institutions Markets & Services with Fintech" (S4).
